FOUNDATION CENTER
Knowledge to build on.

About the Foundation Center Established in 1956, the Foundation Center is the leading source of information about philanthropy worldwide. Through data, analysis, and training, it connects people who want to change the world to the resources they need to succeed. The Center maintains the most comprehensive database on U.S. and, increasingly, global grantmakers and their grants—a robust, accessible knowledge bank for the sector. It also operates research, education, and training programs designed to advance knowledge of philanthropy at every level. Thousands of people visit the Center's web site each day and are served in its five regional library/learning centers and its network of more than 450 funding information centers located in public libraries, community foundations, and educational institutions nationwide and around the world. For more information, please visit foundationcenter.org or call (212) 620-4230.

Interested in Becoming a Cooperating Collection?

Cooperating Collections provide under-resourced and underserved populations across the U.S. with crucial information and education. To expand the network in regions where nonprofit communities are most in need of Foundation Center resources, we welcome proposals from qualified institutions—public, academic, or special libraries; community foundations; nonprofit resource centers; and other technical assistance providers—that can partner with us to help grantseekers succeed. If you are interested in establishing a Collection in your area or would like to learn more about the program, please visit foundationcenter.org/collections or contact: Coordinator of Cooperating Collections, Foundation Center, 79 Fifth Avenue, New York, NY 10003 (e-mail: ccmail@foundationcenter.org).
