# Entrepreneurial Series: Day ONE

Check Your Spirit, Your Motives, Your Mindset, Your Needs

*To thine own self be true...*

Who are you?

What do you stand for? (What is your destiny?)

What are your strengths?

What are your weaknesses?

Do you like to work?

What type of work do you enjoy doing?

What types of business activities are you interested in?

What types of business structures are you interested in?

What types of resources do you have currently (financial, human, access)?
